

HOT WATER BOILER

mod. **HWB.5 – HWB.10 – HWB.20**
mod. **HWB.30 - HWB.50**

HOT WATER BOILER

The **HOT WATER BOILER** is the professional solution for the production, the heating and the maintenance of hot drinks at about 90°C.

Practical and elegant design is designed for the production of hot water, hot tea, infusions, mulled wine and heating of coffee, milk and drinks in general both natural and soluble.

Totally in stainless steel, it is equipped with a practical external thermostat that allows you to easily adjust the desired temperature.

Indispensable for hotels, wellness centres, tea rooms, canteens, communities, cafeterias, chocolatiers, pastry shops, is also suitable as an indispensable support for the stages of spreading in the production of all-grain beer for home-brewers, micro-breweries and biomedical laboratories and in general.

HOT WATER BOILER

STRENGTH

- Professional unit built completely in stainless steel.
- Robust, essential and reliable solution for optimal and long-lasting performance.
- Eco-friendly.

EXCELLENT PRODUCT QUALITY

- Production, storage and supply of hot drinks such as hot water, tea, coffee and beverage in general.
- System not connected to the water supply. Manual filling.
- No need for preheating.
- Resistance not in contact with the product.

EASY TO USE

- Anti-drip faucet completely removable and sanitizable in all its components.
- Compact and essential unit to optimize both the use and the cleaning phase in all its parts.
- Practical and immediate management, cleaning and maintenance.

SAVINGS

- Thermostatic regulation of temperature.
- Built with a double stainless-steel wall to ensure greater thermal insulation of the drink.
- Easy to use, cleaning and maintenance.

REGULATION

- CE
- MOCA
- UNI EN ISO 9001:2015

Technical Characteristics:

Built in stainless steel.

Capacity 5, 10, 20, 30 and 50 liters.

Thermostatic temperature regulation for preparation and storage at service temperature.

Removable spout, anti-drip two-position: controlled dispensing for small quantities, blocked for larger quantities.

Easy to use, cleaning and maintenance.

On request it is possible to customize and/or accessorize the various models with: lion paws, base, drip drawer, filter essences completely in stainless steel, 24 kt gold plating, voltage not standard and/or customization.
