

ITALIAN BREAKFAST ·
HO.RE.CA.

MOD. GAE.LC.9 ·
PATENTED FILTRATION

ELECTRONIC HOTEL BEVERAGE UNIT «LA CONTESSA»

Automatic filter coffee machine, designed to provide a high-quality coffee service during breakfast. Thanks to the practical touch-screen display, guests can choose from a variety of beverages: **cappuccino, espresso, moka, Americano, Americano with crema, milk and hot water**.

But what is an espresso made with filter coffee? It is a **coffee with a smooth**, persistent crema, characterised by a lower tannin content and able to bring out the coffee's aromas and distinctive characteristics to the fullest.

HOW IT IS BUILT

TWIN TOUCH PANEL

Password-protected operator environment for production, doses and washing cycles; front-of-house interface with preset doses for self-service.

THREE OUTLETS IN ONE UNIT

Coffee, bain-marie milk and instant hot water on a continuous cycle, with dispensers for manual serving too.

SECTORS OF USE

Hotels and resorts · Breakfast rooms · B&Bs · Farm holidays · Catering · Canteens and self-service · Bars and coffee shops

KEY STRENGTHS

PATENTED SLOW FILTRATION

Coffee is brewed and held with no loss of quality, enhancing its organoleptic properties. Stainless steel filter mesh.

30 TO 40% LESS COFFEE

Compared with other systems: only the water needed is heated and only the daily requirement is prepared.

BAIN-MARIE MILK

The bain-marie keeps milk quality unaltered. Self-cleaning, programmed washing of the dispensing groups.

MOD. GAE.LC.9

COFFEE · MILK · WATER

**MORE AROMA, MORE CHOICE,
A COFFEE EXPERIENCE.**
